COMPUTER SCIENCE TEACHER

Merit Preparatory Academy is seeking a passionate and knowledgeable Computer Science Teacher to join our team. This role involves guiding students through foundational and advanced concepts in computer science, fostering a strong understanding of programming, computational thinking, and technology literacy.

Full-time | Salary DOE

QUALIFICATIONS

- Current Utah teaching license with an endorsement in Computer Science, or eligibility to obtain the license
- Bachelor's degree in Computer Science, Information Technology, or a related field (Master's preferred)
- Teaching experience or demonstrated ability to work effectively with middle or high school students
- Knowledge of programming languages such as Python, Java, or JavaScript
- Familiarity with Utah Core Standards for Computer Science
- Ability to teach Financial Literacy (desired, but negotiable)
- Strong communication, organization, and classroom management skills
- Commitment to inclusive teaching practices that engage diverse learners

RESPONSIBILITIES

- Develop and implement engaging computer science curriculum aligned with Utah standards
- Teach foundational concepts, such as algorithms, data structures, software development, and cybersecurity
- Facilitate hands-on projects and activities to reinforce learning objectives
- Assess student performance and adjust instruction to support diverse learning needs
- Collaborate with colleagues to enhance interdisciplinary learning experiences
- Stay current on advancements in computer science education and emerging technologies
- Foster a positive, collaborative, and respectful classroom environment

HOW TO APPLY
