Refund of registration fees is a prorated amount based on when the student exits; class fees are not refundable after the first week of the semester.

All student fees are due by September 1st. Administration and the Finance Department will work with guardians on resolving unpaid fees, including establishing a payment plan. Unpaid fees may limit a student’s ability to participate in extracurricular activities and/or receive a Yearbook. A student is eligible for graduation, early withdrawal, or checkout once all fees have been paid.

No student will be denied the opportunity to participate in a class or school sponsored/supported activity. Adequate fee waivers will be provided for qualifying students upon request. Revised 10/11/19
