## 2022-2023 STUDENT FEE SCHEDULE

Utah Law permits schools to charge fees in grades 7-12. A student may be charged fees for participation in school classes, activities and programs. A student cannot be requested or required to pay any fee unless that request or requirement has been approved by the local Board of Education and included in the fee schedule.

All fees are due in full by Sept 1. No student will be denied the opportunity to participate in a class or school sponsored/supported activity. Unless notated with an (\*), all fees are required and eligible for a fee waiver. For further delineation of each fee please reference the 2022-2023 Spend Plan on our school website: [www.meritprepacademy.org](http://www.meritprepacademy.org) under the parents tab. Per student annual maximum is \$5,000. This includes participation in all school classes and activities, including up to 3 extracurricular sports. Field work fees are not added to a student's account until the time of field work and the teacher has provided a list of students attending.

Fee Waivers are available to every student whose families are unable to pay fees. In lieu of a fee waiver, payment plans are available to any student. Fees are waived in accordance to state laws and regulations. Please contact the finance office for fee waivers and payment plans.
